None of the aforementioned shall be criteria for receiving assignments, level of assignments, holding office nor shall it be a factor in any portion of the operational and governance of the San Diego County Track Starters Association.

### **Members Availability to Start Track Meets Conflicts of Interest:**

Prior to the beginning of the track season, each member must notify the Assignment Secretary of any possible conflicts of interest that the member may have with any particular starting assignment(s). A conflict of interest is a factor that may be real or perceived by others, as a bias or partiality to one team over another, which would affect the official's judgment. Conflicts of interest include but are not limited to: having a relative who is a player or coach of a team; being employed by a school; having administrative capabilities of a school or school district; or having an experience with a team or coach that may cloud judgment. If a member is unsure of a potential conflict of interest, he/she should seek the opinion of the Assignment Secretary or the Board.

### **Prior time, day or date commitments:**

Prior to the beginning of the track season, each member shall notify the Assignment Secretary of any prior time, day or date commitments that he/she has during the track season which would preclude the member from starting a track meet using The Arbiter system. Each member shall enter blocked days/times in The Arbiter as soon as such prior commitments are known.

Conflicts of interest and prior time/day/date commitments shall be communicated to the Assignment Secretary in a timely fashion, prior to the making of assignments.

After the registration deadline, the availability of the member to start a track meet is assumed, according to the information previously communicated to the Assignment Secretary. Members cannot arbitrarily decide which level of track meets they choose to start. Members must be willing to accept any meet at any level he/she is qualified to start. Starter assignments must be accepted or declined in The Arbiter as soon as possible but no later than 72 hours after they are posted.

**Examples of accepted excuses for turning back a starter assignment include, but are not limited to:**

1. An acute injury or illness occurring after the start of the track season, on or off the track, which actually prevents or substantially hinders the member's on-track physical requirements.
2. Injury or illness of a family member that requires the presence of the member.
3. Last minute employment commitment changes where the member would significantly suffer financially.

**Generally unacceptable excuses include but are not limited to:**

1. Lack of transportation
2. Social engagements
3. Distance to the track meet
4. Level of the track meet
5. Lack of desire to do the track meet
6. Adverse weather conditions
7. Starting a track meet for another association
8. Officiating another sport
9. Attending a son or daughters athletic event
10. A minor injury or illness

**Assignment Turn-Back Assessment:**

Assignments turned back require significant extra work by the Assignment Secretary. If a starter turns back an assignment anytime during or after the pre-established dates that assignment contracts are distributed, he or she will be assessed ten dollars (\$10) for each assignment returned. The Assignment Secretary, at his/her discretion, may waive the assessment for an acceptable excuse as described in the section above. Unacceptable excuses will always be assessed. Decisions of the Assignment Secretary may be appealed to the Board however, until such an appeal is heard, all provisions of this policy remain in effect. All assessments must be paid to the Assignment Secretary on or before the next pre-established assignment contract distribution date. If the assessment(s) are not paid on or before this date, the member's assignment contracts for the next assignment period will be withheld and re-distributed to other qualified members. If the turn-back occurs after the last contract distribution date, the assessment must be paid during registration for the next season.

Starter assignments shall be prepared by the Assignment Secretary and then will be distributed at pre-established dates using The Arbiter system. All members should check the Arbiter frequently for his/her starter assignments. Starter assignments not accepted in The Arbiter in a timely manner may be reassigned to another starter.

Postponed meets are still the responsibility of the assigned starter. If there is a conflict of dates, the Assignment Secretary shall be notified immediately.

All Association sanctioned starter assignments will exclusively be initiated by the Assignment Secretary. All assignment cancellations or assignment trades or transfers shall be made or approved by the Assignment Secretary. A member may propose a replacement of a cancelled track meet or may propose another member for starter exchange however all such proposals shall be communicated to, coordinated with, and approved by the Assignment Secretary. Such a replacement or trade, without applicable Assignment Secretary coordination and approval, may cause the member initiating replacement or transfer to relinquish his/her remaining starting assignments with action reported to the Board for their approval.

No Starter shall contact the Assignment Secretary or coaches for the purpose of soliciting a starting assignment.

A member who is also a member of another starter organization or independently assigns starters to track meets at any level shall not solicit the current membership to affect this activity without the express permission and authorization of the Board. Such action may cause the member to relinquish his/her remaining starting assignments with action reported to the Board for possible disciplinary action.

### **Starter Assignment Priorities**

If a time conflict should occur between events, clinics or track meets, the Assignment Secretary shall be immediately notified for correction of the conflict. The following priorities shall prevail:

1. Probationary members' clinic participation shall take precedence over track meets of any level.

Track Starters are considered independent contractors and therefore are individually responsible for complying with the California State and Federal law. Independent contractors are not employees of the school nor of the district and therefore members must sign a waiver of liability and disclaimer with the Association acknowledging their position.

School districts may require that a Department of the Treasury Internal Revenue Service Form W-9 be filed with the school district financial office by a track starter anticipating assignment within the district, prior to contracting individuals as track starters.

### **Process for Leave of Absence/Resignation**

A member may request a leave of absence by submitting a request in writing to the Board. If accepted, this leave will be honored for the subsequent track & field season. The member may return with all previous benefits during this period, unless limited by other reasons.

A member may voluntarily resign at any time. If a resigned member should re-apply, his/her application would be treated as that of a probationary member.

## **Disciplinary Action**

All members of the Association shall abide by the Constitution, By Laws, Policies and Requirements of the Association. Failure to comply with these provisions will subject the member to disciplinary action by the Board as may be determined at the time such failure to comply is brought to the attention of the Board.

Disciplinary measures that may be employed by the Board include, but are not limited to:

- a. Counseling
- b. Censure
- c. Placement on special status
- d. Change in membership classification
- e. Reduction in number of meet assignments
- f. Suspension
- g. Expulsion

Members suspected of violation of any of these provisions may be required by the Board to appear before the Board to state their case relative to the circumstances. Members are entitled to due process and may call witnesses who may present evidence on their behalf.

## **Process for Suspension/Expulsion**

A hearing must be conducted by the Board prior to any action of suspension or expulsion. The member must be provided in writing with the reasons for expulsion and have reasonable time to respond. This response shall be in writing. After the foregoing criteria are met, the Board will vote on the issue of expulsion. A simple majority will be sufficient to render a decision. Any appeal will be governed by the By Laws. Any and all proceedings regarding expulsion will be confidential.

## **Due Process & Grievance**

**Member Grievance:** Any grievance may be directed to the Board. If the grieving member wishes to appeal the Board's decision, he/she may do so to the general membership. In order to proceed with this level of appeal, the grieving member must obtain at least five (5) signatures of Certified Starters supporting this appeal.

**Discipline Procedure:** The Board will be responsible for disciplining members. The member shall have an opportunity to reply to the Board in writing, prior to the discipline being imposed.

## **Recruitment of Track Starters**

The recruitment of good track starters is a principle goal of the Association. The necessity to maintain viability and to strengthen current membership requires the Association to seek individuals that can meet membership needs through announcements and presentations at field clinics.
